

# TrackIt<sup>®</sup>

Android

Version: 14.4.40

Release Notes

03/11/2020

**Command  
Alkon**

These release notes contain information regarding new functionalities, behaviors, changes, and other new experiences you should expect when using this latest version of the TrackIt Android product.

### Legend

**Enhancement:** A new feature created to expand the capabilities of the TrackIt Android app and increase its overall benefit for end users.

**Correction:** A change intended to remove unexpected behaviors in the TrackIt Android app and improve the overall end user experience.

**Process Steps:** Step-by-step instructions intended to complete a task associated with the enhancement or correction.

**Information:** General information needed to understand the context, behaviors, and restrictions associated with new enhancements and corrections.

## Corrections

The following tickets are improvements upon unexpected user experiences for a more fluid and productive experience throughout TrackIt Android.

---

***Pin disappeared after re-centering map on card***

***(NFS-1536)***

### **Corrected behavior:**

If a driver re-centers the map on the Truck Ahead/Truck Behind cards, the pin will remain displayed.

### **Previous behavior:**

When using the Truck Ahead/Truck Behind card, if a driver re-centered the map the pin would disappear.

---

***TrackIt app crashed after tapping the Home button***

***(TX-2563)***

### **Corrected behavior:**

Pressing the **Home** button on the TrackIt app will no longer cause the application to close.

### **Previous behavior:**

If a user pressed the **Home** button on the TrackIt app, the application would occasionally crash.
